## What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist

## How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

**Cough! and Cough! and Cough!**  
What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP positively receive your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

The Boyd brothers have offered the finest meats obtainable to their customers and as they raise their own beef, veal, mutton and pork, they can not only select the most choice meats but can place it at a very low rate. **A POORLY EQUIPPED OFFICE.**—T. H. Williams went into the office of the San Francisco Post the other day and lambasted Hirsch, one of the proprietors, with a hickory cane, for something that appeared about him in the paper. Such an outrage, says the Times-Review, could never occur in any well regulated and equipped newspaper office in Nevada, where bull dog revolvers are utilized as paper weights and bowie-knives as copy-holders at the editorial desk.

**A CUTTING AFFRAY.** On Sunday night, between the hours of 8 and 9 o'clock, two drunken Italians got into a row at the Garavato Saloon. The result was that one of them struck the other in the head with a piece of scantling, then drew a knife, but other men interfered and probably saved the man's life. The wounded man was seen at the Sheriff's office shortly afterwards bleeding from the head and neck, where he was cut and hit.

## A Rustling Cattle King.

Last evening N. H. A. Mason left for the west, and, everything being all right on the range, he will probably go to California. He has been in the snow since December 2nd and traveled hundreds of miles by wagon and on horseback. Early in December he visited the stock range in which he is interested with Miller & Lux in the Mahle country, Oregon, and left everything in the best shape possible there. Thence he went to White Horse ranch, inspected the range and made the best disposition possible of the stock. He was caught in the big snow storm of January 19th at his ranch in the northern part of this county and went to work to save as many cattle as possible with the quantity of hay on hand. He came here when the snow was deepest and half the people were ill with la gippe, went up to Mary's river, in Elko County, floundered through three feet of snow gathering cattle and getting them to feed, then he went down to Mason Valley and attended to the stock there and afterwards went back to Elko, where the snow was deepest, from which place he returned here two days ago. He does not think the losses to date on any of the stock in which he is interested will reach ten per cent, and he says the losses on the open range even in Elko county, where the snow was much deeper than here, will not be as great as many supposed as he has seen last Summer's calves alive and kicking on the range where ten days ago there was not less than 30 inches of snow.

**The "Annie Laurie" Band.**  
For the benefit of the inquiring public, the APPEAL herewith publishes the names of the boys who comprise The Carson Guard Brass Band, alias "The Annie Laurie Band." The fact that the band is under the protection of the Carson Guard, is the only thing that prevents a riot when the boys are playing their favorite tune, "Annie Laurie."

From there he will go to Seattle to attend to some private business, arriving in Reno some time in March. —Gazette.

**PICKED UP A SUCKER.**—A few nights ago Jack Furlong saw a farm hand in his gymnasium whom he concluded to give lessons in boxing. He whispered that he had "picked up a sucker," and invited in the crowd to see the fun. In a few minutes they began to pick up Furlong. They picked him up five times. Six bottles of beer sent to this office is not enough to keep the item out.

**A Gentile Victory.**  
Yesterday a great battle was waged in Salt Lake between the Gentiles and Mormons at the polls. Late advices indicate a Gentile victory.

At last accounts the Gentiles were ahead and expect to carry the city by 1,500 majority.

## Spring Fights.

There is now no longer any question of an early Spring. About a quarter of 4 yesterday afternoon, Dr. Guion and Henry Rosenbrock were playing a social game of cards, when there arose some misunderstanding about a sequence or straight flush and some heated language passed between the pair, which caused Rosenbrock to rise and let go a right hander across the table and land with a loud smack on the Doctor's jaw. It lifted him off his chair and sent him in a heap in the corner. He rose like a flash, however, and made two leaps for his man. He let go left and right, landing like a trip hammer on Rosenbrock's nose, knocking him galley west, and causing a shower of blood to drench the various State and county officers (ex and present incumbents) who were playing at adjoining tables. Rosenbrock rose like a mad bull and leaped on the the Doctor with both hands playing like the piston of an engine. They closed in a powerful clinch and went swaying over the chairs and tables until Rosenbrock back-heeled his man and fell on him as he went down. There was a lively rough and tumble in which he visited the Doctor's face repeatedly with his right, and when the crowd separated them they were both bleeding considerably, and each wild for another round. It was the liveliest battle seen in this city for many a year, and great science was displayed on both sides.

**NEATLY TAKEN IN.**—Several hundred Bostonians were recently cleverly deceived by a little device called "the five cent detective camera," sold on the streets. In a folded piece of paper is cut a hole, which is covered by a slide of black paper. Above is the inscription, "Look into the camera intently for ten seconds, and then quickly withdraw the slide, when you will see a picture of yourself. No chemicals are required. It was somewhat amusing to see the purchaser take his camera, hasten to some doorway, gaze into the instrument, pull the slide and then throw the thing away in disgust as he suddenly beheld the likeness, presumably his own, of a donkey.

**THE FORESTRY QUESTION.**—The interest that is manifested among the people on the forestry question gives warrant for the belief that Congress will be pressed as it has not been before, to take decisive steps to protect and reserve the timber on the mountain slopes of this State. Not before has there been manifest any such deep and widespread and determined interest in this important matter. —Journal.

**THE DUES REMITTED.**—On Saturday evening the State Board of Trade passed a resolution exempting all newspaper publishers who are members of the Board of Trade, from dues. Most of the newspapers had sent in their \$5 but the amount was remitted. We doff our hats to the Board.

Mr. W. H. Baldrige, druggist Escondido, California, says: Chamberlain's Cough Remedy is the best selling medicine I handle. In fact I sell more of it than all other cough medicines combined. Everyone who has used it speaks in glowing terms of its efficiency" For sale by G. C. Thaxter.
